### Tekst

Delta-Stock har markedsført investeringservices på hjemmesiderne [www.delta-stock.net](http://www.delta-stock.net), [www.delta-stock.com](http://www.delta-stock.com), [www.deltastock.io](http://www.deltastock.io) og [delta-stock.ai](http://delta-stock.ai). Virksomheden har ikke tilladelse til at tilbyde finansielle tjenesteydelser i Danmark.

Hvis man benytter en investeringsplatform uden tilladelse til at handle med finansielle instrumenter, er man ikke sikret investorbekyttelse. Det betyder bl.a., at man ikke kan klage til hverken Det finansielle ankenævn eller Ankenævnet for Fondsmæglerselskaber, samt at investeringerne ikke er dækket af Garantiformuen. Det er derfor usandsynligt, at man får sine penge tilbage, hvis der opstår problemer.

I Finanstilsynets [virksomhedsregister](#) er der oplysninger om, hvilke selskaber der har tilladelse til at tilbyde finansielle tjenesteydelser i Danmark. Finanstilsynets hjemmeside indeholder også information om identificering af svindelvirksomheder, og hvorledes man kan undgå sådanne, under [undgå bedrageri](#).

### Text

Delta-Stock has marketed investment services on the websites [www.delta-stock.net](http://www.delta-stock.net), [www.delta-stock.com](http://www.delta-stock.com), [www.deltastock.io](http://www.deltastock.io) og [delta-stock.ai](http://delta-stock.ai). The firm has no authorisation to operate as an investment firm in Denmark.

If you use an investment platform without a license to trade financial instruments, you are not ensured investor protection. This means, among other things, that investors cannot issue a complaint to The Danish Financial Complaint Board and that the investments are not covered by the Danish Guarantee Fund. Thus, it is unlikely that you will get your money back if things go wrong.

The Danish FSA's [business register](#) contains information on which firms are authorised to offer financial services in Denmark. The Danish FSA's website also contains information on identifying fraud firms and how to avoid them, under [Avoid fraud](#).
